Good readers have a large vocabulary.

Knowing lots of words helps children better understand what they read. You can help your children learn lots of words by:

- Having plenty of conversations. Take turns talking. It is important for you to ask questions and listen to what your children say in response.
- Read together! A lot!
- Make connections. Connect what you are reading in books to their lives. "Yes, Grandma has a black cat, too."
- Repetition. Children often love to read the same book over and over. This is a good thing as repeated readings help build vocabulary.

ANTS GO MARCHING

The ants go marching one by one, hurrah, hurrah.
The ants go marching one by one, hurrah, hurrah.
