## Activity:

Make your very own book box!

You will need a cardboard box, packing tape, scissors, construction paper, stickers, glue, crayons, markers, colored pencils, and a pile of your favorite books.

Have your grown-up help you cut the flaps off the top of the box and reinforce the bottom of the box with packing tape.

Decorate the outside of your box with pictures, cutout shapes, or stickers. Fill your box with your favorite books. (My Book Box, by. Will Hillenbrand)
